

JOB DESCRIPTION

Lead OT – Neurological Rehabilitation

Introduction

This is a permanent, full-time role to provide specialist neurological OT coverage in the therapist's local region alongside Clinical Lead responsibilities and reports to the Clinical Services Manager for Adults. The role will involve a mixture of home-based and community-based working with some working from our office in Hook, Hampshire on occasion also. The OT will work as Clinical Lead for The OT Practice's nation-wide Neurological Rehabilitation team.

It requires a qualified Occupational Therapist who has experience in working within neurological rehabilitation – predominantly traumatic and acquired brain injury to include all degrees of severity/complexity. Additional rehabilitation experience in other areas of neurology including spinal cord injury, stroke and other neurological conditions would be advantageous. The role provides a mixture of direct clinical work with clients well as clinical oversight of service delivery and quality assurance.

The role requires an individual with strong clinical skills and experience in the field of neurological rehab and brain injury. The post requires an experienced clinician with strong assessment skills, a high standard of report writing, clinical reasoning and communication.

The primary goal of our service is to reassure our clients and referrers that they are in safe hands and give them total confidence and comfort in the knowledge that they are under our care.

The personal skills and temperament of the successful candidate will be of great importance. We pride ourselves on being a caring and friendly, but professional company. Nikki, the company founder has an extensive clinical background with a strong sense of ethics and a desire to help. We believe the growth and success of our business to date is directly attributable to ensuring these values, combined with expert knowledge, are at the core of everything we do.
